Conflict Resolution Worksheet pdf

What has happened? What is a conflict?

_________________________________________________________________

What was the trigger that caused the conflict?

_________________________________________________________________

What was your stance?

_________________________________________________________________

What was the other party's stance?

_________________________________________________________________

What was your behavior, if not shown by you, could not make things worse?

_________________________________________________________________

What behavior, if not shown by another party, could not make things worse?

_________________________________________________________________

Write possible solutions to solve the conflict.
